President's Welcome

Welcome back to Chicago's historic Palmer House for the 2019 Annual Meeting of the Social Science History Association. The conference program this year includes an exciting range of sessions reflecting the interdisciplinary breadth of work that always characterizes our Association. Some 160 papers address this year's theme of "Data and its Discontents," focusing on the opportunities and challenges that arise in developing and interpreting old data.

The outstanding program reflects the tireless efforts of our outstanding Program Committee. Committee Co-Chairs Jonas Helgertz (University of Minnesota and Lund University), Matthew Jaremski (Utah State University), and Linda Reeder (University of Missouri), worked closely with the 56 Representatives of the Association's 19 topical research networks to assemble the exceptionally rich program. The task was complicated this year by our adoption of new submission and organizing software, and I want to thank the entire Program Committee for their work on adapting the new system for the unique structure of our Association.

The SSHA Networks are the life-blood of the association. I strongly urge everyone—especially graduate students and new members—to participate in the Network meetings, scheduled for Saturday from 12:15-1:00pm and 1:00-1:45pm. Under the unique bottom-up structure of the SSHA, members work through the Networks to chart the direction of the association by identifying key emerging issues and topics for the following year's meetings. The Networks stimulate new research collaborations and are the best way to get involved and stay connected with others working in the same research areas.

I also want to express my thanks to everyone who has donated to the Association. We rely on donations to provide travel awards for graduate students to present at the conference and to maintain our Graduate Student Paper Award. Graduate students represent the future of our interdisciplinary field; you can add your support at <https://ssha.org/donate/>.

I hope that you will get a chance to catch up with old friends and meet new colleagues at our Welcome Reception Thursday evening. We have scheduled a "Membership Feedback" session for Saturday, from 1:45pm to 3:15pm. Please come and bring your ideas for the future, so we can sustain and improve our Association.

Finally, please join us on Saturday evening for the Business Meeting and Presidential Address, followed by a fabulous buffet at the President's Reception. IPUMS at the University of Minnesota is pleased to sponsor the reception and celebrate the SSHA.

SSHA Membership

The Social Science History Association is an interdisciplinary group of scholars that shares interests in social life and theory; historiography, and historical and social-scientific methodologies. SSHA might be best seen as a coalition of distinctive scholarly communities. Our substantive intellectual work ranges from everyday life in the medieval world – and sometimes earlier -- to contemporary global politics, but we are united in our historicized approach to understanding human events, explaining social processes, and developing innovative theory.

The term “social science history” has meant different things to different academic generations. In the 1970s, when the SSHA’s first meetings were held, the founding generation of scholars took it to reflect their concern to address pressing questions by combining social-science method and new forms of historical evidence. Quantitative approaches were especially favored by the association’s historical demographers, as well as some of the economic, social and women’s historians of the time. By the 1980s and 1990s, other waves of scholars – including culturally-oriented historians and anthropologists, geographers, political theorists, and comparative-historical social scientists -- had joined the conversation.

New intellectual directions continue to emerge at the outset of the 21st century. Today’s SSHA incorporates a diversity of scholarly styles, with lots of crosstalk among them.

Information regarding SSHA membership is available at <http://ssha.org>.

SSHA Journal

Social Science History, the journal of the Social Science History Association, is published quarterly and is sent to members of the association. Submissions are invited via the online platform supported by Editorial Manager. To submit an article, please visit www.editorialmanager.com/ssha. Further information can also be obtained by contacting socialsciencehistory@mit.edu.

SSHA 2020 Annual Conference

The Social Science History Association will hold its 45th annual conference in Washington, DC, November 19-22, 2020. The conference will be held at the Hyatt Regency on Capitol Hill. The organization's long-standing interest in methodology makes SSHA meetings exciting places to explore new solutions to historical problems. We encourage the participation of graduate students and recent Ph.D.s, as well as more-established scholars, from a wide range of disciplines and departments.

Future dates and sites: November 11-14, 2021 Philadelphia, PA (DoubleTree by Hilton Philadelphia Center City).

Book Exhibit

The book exhibit will be located in the Adams Ballroom, located on the Sixth Floor of the hotel. In addition to The Scholar's Choice, which will be representing several publishers, SSHA welcomes the following exhibitors: The University of Minnesota (Minnesota Population Center), Cambridge University Press, University of Illinois Press, and BRILL.

Exhibit Schedule:

Friday, November 22, 8:00am-5:00pm

The City of Chicago

Chicago is a world-class city of unsurpassed beauty, attracting visitors from around the nation and the world. Located on the shores of Lake Michigan in the heart of the Midwest, Chicago is home to the blues, experimental jazz, Wilco, Common, sports teams, an internationally renowned symphony orchestra, spectacular live theater, celebrated architecture, thousands of restaurants, and museums and shops.

Architecture, Sightseeing, & Neighborhoods

The city of Chicago is a veritable museum of modern architecture. It is the birthplace of the skyscraper. For information about tours contact the Chicago Architecture Foundation, the Frank Lloyd Wright Preservation Trust, or Chicago Landmarks. Please see the “Helpful Phone Numbers” listing for contact information.

Chicago is known as a city of neighborhoods. To see Chicago and all its neighborhood complexity, you can travel the extensive transit network, or rent a car. But try to plan at least one walking tour. Twenty neighborhood and special tours depart from the Chicago Cultural Center at Randolph Street and Michigan Avenue, a convenient downtown location. The Chicago Architecture Foundation also conducts guided tours, by foot or bus, focusing on the city’s distinctive architectural heritage. The lakefront is only a short walk from the Palmer House Hilton and, while it could be a bit chilly, leisurely strolls are possible. Even more accessible for a quick break from the hotel is Chicago’s central business district, the Loop, which offers architectural gems, outdoor sculpture, shopping and some of the city’s major tourist attractions. The best view of Chicago can be seen from the Willis Tower (formerly Sears Tower), located at 233 S. Wacker Drive. The Hancock Observatory, about one mile north of the Palmer House, provides spectacular views of Lake Michigan, Navy Pier, and Lincoln Park. This 94th-floor observatory, more than 1,000 feet above Chicago at the John Hancock Center, features an open-air skywalk, the Midwest’s highest open-air experience.

Museums

First on your list of museums to visit should be The Art Institute of Chicago. With its famous lions adorning its entrance, this world renowned museum is located just blocks from the Palmer House, on Michigan Avenue where Adams Street ends. The Field Museum of Natural History also comes highly recommended, located at Museum Campus just south of Grant Park. The Alder Planetarium and the Shedd Aquarium are also located there. The Museum of Science and Industry and the DuSable Museum are in Hyde Park, reachable by bus or cab. If you plan to visit a number of museums, you may want to purchase a CityPass, which includes all of the museums listed above, as well as the Hancock Observatory. The cost is \$98.00 for adults. You can purchase the pass at any of the museums or online at www.citypass.com.

Parks and Other Attractions

Located in downtown Chicago between Randolph and Monroe Streets, Millennium Park is an extraordinary showplace for sculpture, art, music, architecture and landscape design. This 24.5 acre park showcases Chicago as one of the most culturally sophisticated and diverse cities in the world. Its centerpiece is the dazzling Jay Pritzker

Pavilion designed by Frank Gehry, one of the world's leading architects. Directly south from Millennium Park is famed Grant Park, home to beautiful Buckingham Fountain. Lincoln Park stretches across Chicago's north side.

Dining in Chicago

Chicago has it all when it comes to dining—and some of the best in the nation. Chicago is well known for Chicago-style pizza, hot dogs (don't forget the sport peppers), beef sandwiches and Midwestern steaks. Restaurants in the central areas and the neighborhoods range from the classics to trendy and up-to-the-minute spots.

Chicago Entertainment

Chicago has a stimulating and diverse music scene. Some popular downtown haunts for blues include Blue Chicago, Buddy Guy's Legends, House of Blues, and Kingston Mines; for a less touristed spot, try Rosa's Lounge near Logan Square. For jazz downtown, Andy's Jazz Club, and Jazz Showcase are good stops. The Green Mill, once frequented by Al Capone and now a hipster favorite, is a short ride on the 'L' from the Palmer House (Lawrence stop), while the Velvet Lounge, the headquarters of experimental Chicago jazz (AACM), is at the Chinatown/Cermak stop. Classic music lovers can inquire about tickets to the Chicago Symphony Orchestra at (312) 294-3000. Experimental music abounds; try the Hideout on Wabansia -- (773) 227-4433), or Elastic in Logan Square -- (773) 772-3616.

Chicago's theater scene is known for its level of innovation. For performance schedules and half-price ticket availability (on the day of performance), please visit www.hottix.org. You can also contact Best Seats Available at 866-858-7932 or www.bestseatsavailable.com for your favorite concerts, sporting events, and more.

The Navy Pier, located on Lake Michigan just east of downtown, has been Chicago's landmark since it first opened in 1916. It now showcases a unique collection of restaurants, shops and plenty of entertainment.

Most importantly, enjoy your stay in Chicago! Information on restaurants and additional sites will be available near the SSHA registration desk.

Information about Chicago and Chicago entertainment is also available from the Choose Chicago website – www.choosechicago.com or online at the Reader: <http://www.chicagoreader.com/>

Chicago Area Universities

Chicago is home to both the University of Chicago and Northwestern University, as well as a number of other world class universities. The University of Chicago is located in beautiful Hyde Park, just a short train or bus ride from downtown. By bus, the CTA #6 Jackson Park Express bus will take you from downtown Chicago to Hyde Park. Catch the bus southbound on State Street in the Loop. Get off at 57th or 59th Street, walk under the train tracks, and continue west to the campus. By train, catch the Metra Electric commuter train at the Randolph, Van Buren, or Roosevelt station. Get off at 57th or 59th Street and walk west to the campus.

Northwestern University is located in Evanston on the shores of Lake Michigan. From downtown the campus is most easily accessible by train (the 'L') by taking the Red Line

44th Annual Meeting of the Social Science History Association

train north to Howard and transferring to the Purple Line. Exit the purple line at Foster and walk east three blocks to campus. Those wishing to see downtown Evanston may prefer to exit one stop earlier at Davis; walk east to Chicago Avenue and then North on Chicago to central campus.

Also easily accessible via the CTA Red Line train are DePaul University (Fullerton stop) and Loyola University of Chicago (Loyola stop).
